## **EuroEnviro 2015 - Catalysts of Change**

**Turn your ideas into action.**

**In Gothenburg, Sweden, 2 - 10 May 2015**, 50 international and 10 Swedish students will get together to make the world a better place. Through seven days of inspiring workshops, lectures and conversations we will explore what really lies between vision and action. **We look at the catalysts of change – and become change agents ourselves.**

**Apply now to this year's most most exciting event on sustainability:**

[www.euroenviro.org](http://www.euroenviro.org).

Join us for a seven day exploration to find the tools necessary to build networks, change businesses, transform communities and promote creativity.

EuroEnviro2015 offers an entire week of academic and social program, accommodation, food and transportation within Gothenburg. You will learn to analyze sustainability challenges, initiate projects, pitch ideas, work in and lead groups and group processes. We will use methodologies such as backcasting and loop to analyze unsustainable systems, find leverage points and initiate change.

**EuroEnviro 2015 is open to students from all fields. Apply before March 8th**  
on [www.euroenviro.org](http://www.euroenviro.org).

Vi ses i Göteborg!

**Best regards, the EuroEnviro 2015 organizing team.**
